

## *textsizestyle* — Choices for the size of text

[Description](#)   [Syntax](#)   [Also see](#)

### Description

*textsizestyle* specifies the size of the text.

*textsizestyle* is specified inside options such as the `size()` suboption of `title()` (see [\[G-3\] title\\_options](#)):

```
. graph ..., title("My title", size(textsizestyle)) ...
```

Also see [\[G-3\] textbox\\_options](#) for information on other characteristics of text.
