

Contents

intro	Introduction to survey data manual
survey	Introduction to survey commands
bootstrap_options	More options for bootstrap variance estimation
brr_options	More options for BRR variance estimation
direct standardization	Direct standardization of means, proportions, and ratios
estat	Postestimation statistics for survey data
jackknife_options	More options for jackknife variance estimation
ml for svy	Maximum pseudolikelihood estimation for survey data
poststratification	Poststratification for survey data
sdr_options	More options for SDR variance estimation
subpopulation estimation	Subpopulation estimation for survey data
svy	The survey prefix command
svy bootstrap	Bootstrap for survey data
svy brr	Balanced repeated replication for survey data
svy estimation	Estimation commands for survey data
svy jackknife	Jackknife estimation for survey data
svy postestimation	Postestimation tools for svy
svy sdr	Successive difference replication for survey data
svy: tabulate oneway	One-way tables for survey data
svy: tabulate twoway	Two-way tables for survey data
svydescribe	Describe survey data
svyemarkout	Mark observations for exclusion on the basis of survey characteristics
svyset	Declare survey design for dataset
variance estimation	Variance estimation for survey data
